RAM ELEVATORS + LIFTS

ELEVATE YOUR EXPECTATIONS

Make a statement on every level with the Crystal Prism, RAM's ultimate home elevator experience. Representing the pinnacle of performance and style, nearly every element of the Crystal Prism can be tailored to your home.

The Prism Glass elevator has a integrated fully enclosed glass hoist-way that takes the Glass Elevator to the next level.

From travel distance to car interior, the entirely customizable Crystal is built to excel in a multitude of applications, transcending mere performance into a one-of-a-kind expression of personal luxury. With an abundance of available interior finish options, RAM can coordinate with designers to craft an elevator unique to you.

Not only is the Crystal our most stylish, fastest and furthest travelling residential product, with no bulky components this convenience can be easily integrated into an existing space or new build.

RAM Elevators use at least 50% less energy than other comparable products thanks to our fully balanced counter weight drive system.

The Crystal Prism Glass hoist-way and Elevator provides 360 degree views and makes a statement in any home. With the ability to fully customize the hoist-way and the elevator, Prism offers the homeowners, builders and designers total freedom to design the elevator to suit individual needs.

RAM ELEVATORS + LIFTS

KEY FEATURES

Total Customization

Let inspiration reign. From sizing, doors, car finishes and lighting, the only limit to the look and feel of your car is your imagination.

Soft Start/Stop RA

Thoughtful engineering means every ride on a RAM product begins and ends with comfort in mind.

Fully Counter Balanced Traction Drive RA

The Crystal's fully counter balanced traction drive uses at least 50% less energy than other comparable products.

All-Electric Drive System RA

RAM's proven electric drive system is reliable, powerful and whisper-quiet. Plus, no hydraulic fluid = no harsh smells.

Machine-Room Less (MRL) Design RA

While other elevators may need a separate room for essential machinery, every RAM product is compact and self-contained, saving you space, time and money.

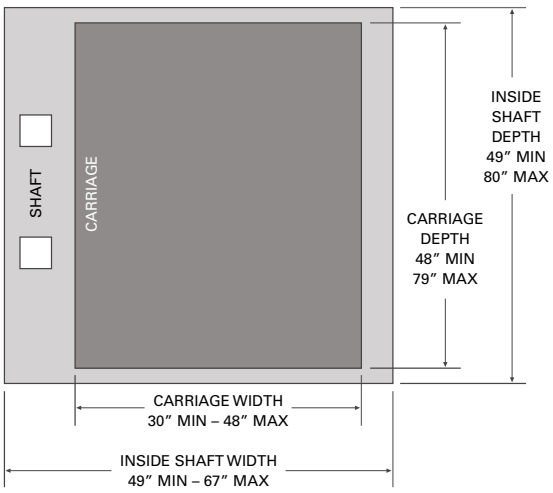

Low Overhead Clearance RA

Smart space design delivers the most space-efficient traction MRL on the market. All drive components mount directly to the top of the RAM rigid guiderail frame fitting into a standard 96" top-floor ceiling height.

No Pit Required RA

Choose a pitless build with a 3" ramp, ideal for existing spaces, or a 3" pit for flush access.

RA *= RAM Advantage, an essential feature found in all of our products.*

RAM ELEVATORS + LIFTS

LEADING-EDGE QUALITY AND DEPENDABILITY

Superior Reliability

Three tiers of emergency auxiliary power are available for every RAM product:

1. Emergency manual crank & battery backup for car lighting and controls (Standard)

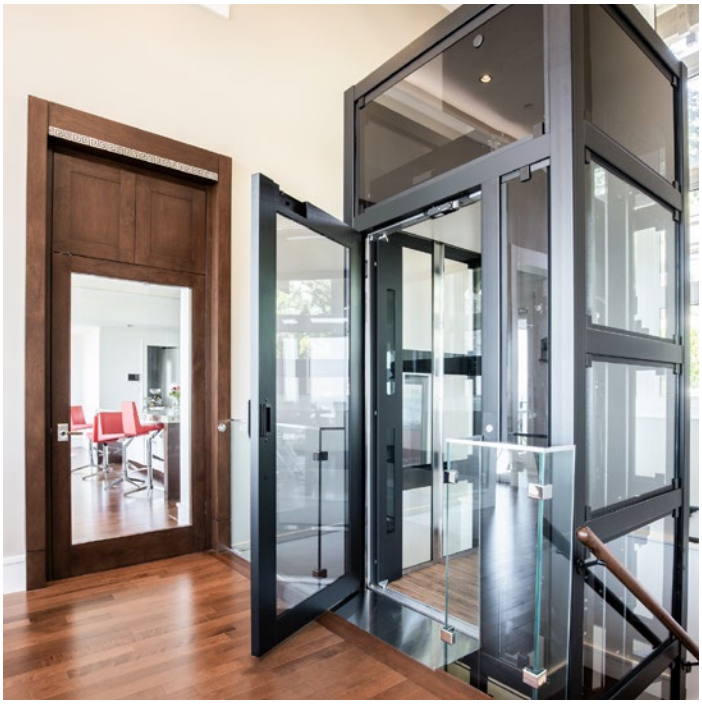

2. Battery backup lowering will run the motor in the down direction during a power outage (Optional)

3. Full battery 40-cycle backup that will run the motor with full load for 40 cycles during a power outage (Optional)

Maintenance

Total cost of ownership is critical. By design, RAM has one of the lowest maintenance offerings that still ensures safe operation during the entire lifecycle. We know that low maintenance with a focus on safety is the key to peace of mind.

Warranty

The RAM Crystal Elevator is covered by a 2-year warranty. Extended warranties available. Contact RAM for details.

Code Relevance

Designed to meet ASME A17.1/CSA B44 safety standards when properly equipped.

While RAM residential elevators meet national standards, it is imperative to check State/Provincial and Local code requirements before installing to ensure compliance. All State/ Provincial and Local compliance is the responsibility of the purchaser. Some states may require fees for site preparation and permits.
